**End-of-Life Notification
Part Change Notice : PCN1010**

January 16, 2009

Dear Valued Customer:

As part of our on-going product lifecycle management process, we have identified a product that will be transitioned to an "End-of-Life" status. This decision was based on our review of historical unit shipment volume and product revenue performance. Products targeted for end-of-life will be available for a last time buy purchase prior to being made obsolete. The product identified for inclusion into our Last Time Buy Program is:

- M-949-01 Line Sense Relay

We refer customers to our M-949-11 Line Sense Relay as a reasonable alternate device which may be found on our web site at www.clare.com.

Under the terms of the last time buy program, orders will be accepted for 6 weeks commencing with the date of this notice. Scheduled deliveries will be permitted within 5 months of the last time buy date. Thereafter, these products will be considered obsolete.

- Last Time Buy date is February 27, 2009
- Last Time Ship date is June 15, 2009

Acceptance of last time buy orders is subject to product availability and at the discretion of Clare. Every effort will be made to fulfill these orders. Purchase orders for these products will be considered non-cancelable, non-returnable (NCNR). After the above dates, Clare will sell off any residual inventory until the stock is depleted. If you have questions concerning this End-of-Life notification, please contact your Clare representative.

Regards,

Steve Andrezyk
Director of Marketing
