March 4, 2022

PCN EIC-1101

Detailed Description of Change

As part of the Littelfuse IXYS Integrated Circuits Division's (ICD) product lifecycle-management process, the following products have been transitioned to an "end-of-life" (EOL) status:

- CPC5001G
- CPC5001GS
- CPC5001GSTR
- CPC5002G
- CPC5002GS
- CPC5002GSTR
- CPC5902G
- CPC5902GS
- CPC5902GSTR
- CPC5903G
- CPC5903GS
- CPC5903GSTR
- CPC5902G_03G-EVAL

In order to satisfy any continuing requirements for these parts, Littelfuse IXYS Integrated Circuits Division is offering a non-cancelable last time buy (LTB). Orders for LTB quantities must be received by **June 01, 2022**, and all LTB products must have shipment request dates by **July 01, 2022**. Acceptance of last time buy orders is subject to product availability and product lead time. Once placed, LTB orders cannot be cancelled, rescheduled, or returned.

While we will endeavor to complete all last time buy requests, severe supply chain constraints may mean we do not manage to ship all requested quantities.

The PCN number assigned to this action is **PCN EIC-1101** and must be referenced in any correspondence related to the change.

If you have any other questions or concerns, please contact your local Littelfuse sales representative or Product Manager below for further assistance.
