July 1st, 2022

LFPCN EIC-1105 End of Life of IX9907 and IX9908 series

Detailed Description of Change

As part of the Littelfuse IXYS Integrated Circuits Division's (ICD) product lifecycle-management process, the following products have been transitioned to an "end-of-life" (EOL) status without replacement:

- IX9907N
- IX9907NTR
- IX9908N
- IX9908NTR
- IX9908-EVAL

In order to satisfy any continuing requirements for these parts, Littelfuse IXYS Integrated Circuits Division is offering a non-cancelable last time buy (LTB). Orders for LTB quantities must be received by **July 31, 2022**, and all LTB products must have shipment request dates by **September 30, 2022**. Acceptance of last time buy orders is subject to product availability and product lead time. Once placed, LTB orders cannot be cancelled, rescheduled, or returned.

While we will endeavor to complete all last time buy requests, severe supply chain constraints may mean we do not manage to ship all requested quantities.

The PCN number assigned to this action is **PCN EIC-1105** and must be referenced in any correspondence related to the change.

If you have any other questions or concerns, please contact your local Littelfuse Sales team.
